

# FREE OUTDOOR SCHOOL VISITS

Where learning becomes an

## ADVENTURE

Foundation Phase and Key Stages 2  
at Parc Cwm Darran

A greener place  
Man gwyrddach

All our activities are designed to support the **National Curriculum** and include elements of **maths** and **literacy**. All sessions aim to encourage **personal development, problem solving** and **teamwork**. These elements can be given a greater emphasis if required. Please discuss this with the ranger at the time of booking.

### Habitat Explorers

Explore and compare two different habitats (pond, grassland or woodland). Find out about the creatures that live there. Includes life cycles, adaptations, food chains, teamwork & data collection.

### Micro Monster Hunt

Using special techniques, search for invertebrates on land and in water. Learn about adaptations, food chains, camouflage and how insects impact the environment.

### Wild at Art

Investigate the natural world and get creative with a wide range of materials. Study shapes, textures, and colours and create your very own work of art!

### Forest Skills

Get out into the woods and discover the natural world around you. Work together to make decisions & manage risk while you explore your surroundings. Then try your hand at shelter building and fire lighting.

### Team Challenge

Navigate your team around our orienteering course. Give your brains a work out at the toxic swamp, test your coordination on the crocodile skis and take on the Ogilvie Olympics Obstacle Challenge!

### Visit information

Full day or half day visits catered for. Visits can be tailor made to your requirements, subject area etc. Activities involve hands-on, fun activities and are fully risked assessed. Rangers are CRB checked, First Aid, and Forest School trained.

### To discuss a visit or to book

Telephone: 01443 875557 or
